ABOUT US

Pomeroy Autobody was established in 1995 by Niall Kilpatrick. Niall has over 30 years of accident repair and bodywork experience and it is safe to say that you are in good hands. Indeed the Kilpatrick family have been working in the automotive industry in Pomeroy since the 1930's and Niall is keeping that tradition going.

Pomeroy Autobody are passionate about quality and no vehicle leaves the workshop until it has been examined by Niall and meets his high standards of workmanship. This ensures Niall can confidently stand by the guarantee he offers with every job.

"I love my job so much. I find it the most rewarding job in the world. Each job is different and is never repetitive which leaves you looking forward to each day at work. To see a perfectly repaired and sprayed car roll out the doors is a great feeling for me". (Niall Kilpatrick)

This commitment to quality has allowed Pomeroy Autobody to become an approved repairer for CRASH Services. They also carry out work for every insurance company.

Sometimes when you contact your insurance company after an accident they will often try to insist that you use one of their recommended repairers. You do not have to do this!

Your consumer rights mean that you are legally entitled to choose who repairs your vehicle and we can work with your insurance company to agree repair costs.
